2010 ARMADA OWNER'S MANUAL For your safety, read carefully and keep in this vehicle. 2010 NISSAN ARMADA TA60-D Printing : December 2009 (12) Publication No.: OM0E TA60U2 Printed in U.S.A. '10 TA60-D

2010 Nissan Armada Owner's Manual

Back in 04or 05 Nissan issued a recall on this issue. If you will look under your dash just to the right of the steering column you may see a little white box about 1" by 1". Inside that box there are two 10 amp fuses. These fuses control your trailer lights. Check and see if the truck has had this modification.

Trailer Lights not working--help appreciated | Nissan ...

HOW-TO: IPDM-ER Replacement The Nissan Dealership will charge you \$500-\$600 for a simple job. The part will cost you around \$110 from Brian with www.nissanonlineparts.com and less than an hour of your time. This job will only take 20-30mins with a long nose pliers, but without one and just with your bare hands, it'll take 45mins.

How-to: IPDM-ER Replacement, Now with a Temporary Relay ...

2010 nissan armada - took it in for a starter replacement and now the stereo/radio does not work. screen comes on, i can control everything else from the unit (i.e. clock, maintenance menu, etc) Mechanic's Assistant: Have you checked the fuse?

2010 nissan armada - took it in for a starter replacement ...

The Nissan Armada is powered by a 5.6-liter V8 engine, with 317 horsepower, 385 lb-ft of torque and continuously variable valve timing, mated to a 5-speed automatic with tow/haul Mode. All three trim levels are available as rear-wheel drive or 4-wheel drive.

2010 Nissan Armada Parts and Accessories: Automotive ...

2010 Nissan Armada SE I have had very little issues with my 2010 Nissan armada. It routinely has oil change and tire rotations. It currently has 123,000 miles on it. In the 9 years I have owned it, I can remember only a few times where the radio drained the battery. The battery was undersized. As soon as we received a tow package battery.

2010 Nissan Armada Problems, Reviews, Reliability, Complaints

The relays you got to activate the tow package wiring of your 2010 Nissan Armada are for the 12-volt power supply and the turn signals. I would check the fuse box of your vehicle and check for towing fuses that could be blown and replace as necessary.
