Atmospheres Architectural Environments Surrounding Objects

Atmospheres is a poetics of architecture and a window into Zumthor's personal sources of inspiration. In nine short, illustrated chapters framed as a process of self-observation, Zumthor describes what he has on his mind as he sets about creating the atmosphere of his buildings: images of spaces and buildings that affect him are every bit as important as particular pieces of music or books that inspire him.

Atmospheres: Zumthor, Peter: 9783764374952: Amazon.com: Books

Atmospheres is an enchanting meditation by a master artisan-builder on the core drivers behind his craft. In nine short sections and three appendices he explains, in plain language, the elements that guide him in the creation of 'stimmungsvol' spaces. It's all very earthy,

Abbas Gharib, (born 16 June 1942) is an Italian-based architect of Iranian origin.His approach to planning and design, which goes beyond the traditional Modernism or Contemporary format, has made him well known as an influential figure in the research, practice and teaching of Post-contemporary art and architecture.

Abbas Gharib - Wikipedia

In addition to the Benetton competition providing participants with the possibility to redefine the influence of retail in an urban landscape, the competition also provided participants with the choice to design “Building A” or “Building B”. While we shared some of the winning proposals for Building A (Grzegorz Witold Woronowicz and Giuseppe Iodice), we now share Maarten Scheurwater ...
