China Transformed makes us rethink many well-established ideas about Chinese history and culture." Charles Tilly "Never before has a China historian produced a book of such vast scope that carefully and deliberately brings China and Europe into a single framework of analysis, one that evenhandedly addresses both ends of Eurasia with no prior assumptions about the universality of European themes....

China Transformed: Historical Change and the Limits of ...

The decades since the early 1960s have seen a wealth of research on Chinese economic history, principally by Chinese and Japanese researchers. Scholars have identified a cluster of major changes beginning in roughly the tenth century, especially in the area of eastern China near modern-day Shanghai known as Jiangnan in the late imperial period.
