Documentation For The

The physical therapy assessment portion of a therapy note is the why behind the treatment you provided during that visit. A great therapy assessment will highlight the necessity for skilled therapy and identify areas that need to be addressed in future treatments. Part of your therapy assessment documentation should include a summary of the patient's ability (or difficulties) in performing a specific task.

Physical Therapy Assessment

Documentation: 3 Tips & Examples

Documentation The two most important PT/OT documentation requirements are demonstrating that care is (1) medically necessary and (2) skilled. Care is regarded as "skilled" only if it is at a level of complexity and sophistication that requires the services of a therapist or an assistant supervised by a therapist.

**Physical Therapy Documentation
Phrases - PTProgress**

Physical therapy documentation should explain what the patient is doing, and what it is that the provider is doing / the manner in which the provider is contributing to make the treatment process billable as 'skilled care' that is 'medically necessary'. Once the treatment has begun, the therapist must monitor the treatment regularly.
